The Intelligent OCR and PDF Conversion Chosen by Business Professionals

ABBYY FineReader 9.0 Professional Edition, the latest version of ABBYY's award-winning OCR, is expressly designed to meet the needs of business professionals. The product converts PDF files, as well as scanned and photographed images, into editable and searchable files with optimal accuracy and layout retention. The first OCR built on revolutionary ADRT™ technology, FineReader analyzes the document as a whole and recreate files with native MS Office formatting elements and style in its original logical structure. With its new intuitive interface, FineReader makes it easier and faster to extract and reuse the information from static documents.

Key Features

- **Enhanced! Superior recognition accuracy and layout retention** — Average 37% accuracy and layout retention improvement.
- **NEW! Adaptive Document Recognition Technology (ADRT™)** — “See” the entire document and recognize text, column, tables, headers, footers, page numbers and other formatting elements.
- **Enhanced! Digital camera OCR** — 2nd-generation CameraOCR™ automatically identifies snapshots and converts them into editable or searchable formats with a single click of the mouse.
- **Smart and fast PDF conversion with security support** — Extract information from PDFs into editable files. Paper documents can be electronically archived as searchable PDFs, including PDF/A.
- **NEW! One-click QuickTasks™** — Automate popular OCR tasks with a mouse click from Windows's Start menu or Windows Explorer.
- **NEW! Intelligent Results-Driven™ interface** — Interactively guide user to the best results with the minimum number of steps.
- **NEW! Multilingual OCR with automatic language detection** — Read 179 languages; more than any other OCR software!
- **NEW! Support Multi-core processor** — Boost processing speed up to 3.2 times in dual-core systems.
- **Bonus! ABBYY Screenshot Reader** — instant OCR from the screen.
- **Enhanced! Seamless Integration with Microsoft Office** — Access OCR directly from MS Word, Excel, Outlook and Windows Explorer.
- **NEW! Windows Vista and Microsoft Office 2007 support.**

Key Benefits

- **Accuracy** — Average 37% improvement. No retyping or reformatting
- **Fewer Clicks, Faster Results** — Up to 40% fewer clicks
- **Easy of Use** — No learning curve to get the best OCR results
- **Automation** — One click is all it takes!
- **Productivity** — Review results while process continues
- **Free Technical Support** for all registered users!
